HISTORICAL NOTE

Louisiana State University and A&M College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Official accreditation is what allows LSU to award certified baccalaureate, master's, and doctoral degrees. The Southern Association of Colleges and Schools (SACS) is one of six regional accreditation organizations recognized by the Council for Higher Education Accreditation and the United States Department of Education. SACSCOC is charged with accrediting approximately 800 universities and colleges in Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia, and Latin America (Extraterritorial).

LSU is also a member institution of SACSCOC, meaning that LSU participates in the development and revision of the accreditation process &/or requirements. LSU's first accreditation was awarded by SACS in 1913. As of 2013 LSU is considered a Level VI, Track B institution. Level VI denotes that LSU is accredited to award academic or professional doctoral degrees in four or greater disciplines. Track B denotes the university's ability to offer undergraduate and graduate degrees or just graduate degrees.

In order for any institution to be accredited by SACSCOC the said institution must comply with nearly 100 standard requirements documented in the *Principles of Accreditation*. The process of Reaffirmation of Accreditation has changed over the years. Regardless of specifics, accreditation typically involves extensive self-study, evaluation and assessment, submission of required reports, and review by a SACSCOC appointed committee of evaluators. The On-Site Reaffirmation Visiting Committee reviews the university first hand and files a report of their findings and recommendations with SACS. The institution then prepares a response to the Visiting Committee Report to be submitted to SACS along with the university's Strategic Plan or Quality Enhancement Plan (QEP). The SACSCOC Board of Trustees then reviews all reported findings and take action to issue reaffirmation. The entire process of reaffirmation typically takes over 2 years to complete and occurs every 10 years.

LSU's reaccreditation by SACSCOC is of importance to the students as well as the university. Regional accreditation of LSU allows students to receive federal funding towards education; insures that degrees awarded are from an accredited institution; enables faculty to apply for and receive federal grants and contracts for research and projects; and signifies that LSU has the programs and resources needed to fulfill its educational objectives as stated by their mission statement.

SCOPE AND CONTENT NOTE

The Office of Academic Affairs Reaccreditation Records document the reaffirmation of accreditation process for Louisiana State University, Baton Rouge campus, from 1972 to 2004. Two appendices are included with this finding aid to further assist in locating specified materials. Appendix A pertains to Subgroup 4, Series I. It contains detailed listings and descriptions of all electronic files mapped out in their respective locations on six compact discs. Digital files are arranged by subject as received from the Office of Academic Affairs in their original format. Inaccessible files originally saved as NSF files or Lotus Notes have been reformatted using original file names and arranged in folders to mimic their original groupings. Most files housed in Lotus Notes were saved as attachments allowing for preservation of their original format. Information stored in Lotus Notes as non-attachments were copy/pasted when possible and saved into collective Word files by subject. In keeping with the original compact discs formatting some files may be duplicated. Sensitive information has been redacted due to the presence of personally identifiable information.

Appendix B contains Special Collections holdings list pertaining to self-study at LSU, Baton Rouge. Materials include reports, surveys, and questionnaires compiled by various academic and non-academic departments, centers and offices across campus for the purpose of SACSCOC accreditation ranging from 1962-1994.
